The Charleston Cotton Market.

On Saturday last the market was at a stand, and we heard of sales of only nine bales Low Middling Cotton, at 30c. per lb.

Savannah Market.

SAVANNAH, June 29.—EXCHANGE.—In Sterling there is very little doing. Some sales have been made within the past few days at 52c premium. New York Sight has been sold outside at 1/2% per cent off; bank rates for same 1/2% per cent off.

COTTON.—During the past week the market has been rather quiet, with very little variation in prices. To-day we quote Cotton as follows:

EXPORTS OF COTTON FROM JUNE 21, 1886, TO JUNE 28, 1886.

FAREIGHTS.—There is but one vessel up for Great Britain, at 7-16d. To New York, by steamers, 2 1/2% bale for cotton. Lumber freights have been engaged to Northern ports for \$13.

Mobile Market.

MOBILE, June 26.—COTTON.—There was no demand to-day, and no sales—factors viewing the steamer's mows as being favorable, have advanced their rates. Quotations nominal.

GOLD.—The rate in the morning was 149 to 150; on the receipt of the noon dispatches from New York the market advanced and closed at 150 to 153. Small lots have been sold a little higher.

SILVER.—Buying and selling at 135 to 140.

EXCHANGE.—Sterling par to 1/2% prem. New Orleans par. Supply small.

New Orleans Market.

NEW ORLEANS, June 26.—COTTON.—We have again to notice a very quiet market. The favorable accounts from Liverpool, and the buoyancy they imparted to the New York market, failed to stimulate the demand, although there was rather more inquiry than yesterday. Prices, however, showed no improvement, and the sales, which were confined to 700 bales, were at about the range of the following quotations: Ordinary 27 to 28c, good ordinary 28 to 29c, low middling 29 to 30c, middling 30 to 31c. At the same time even running lists, of good staple, could hardly be bought at less than 32c for strict good ordinary, and 33c for strict low middling. The sales of the past three days sum up 2000 bales, almost exclusively for the North. The receipts proper to-day, Friday evening (exclusive of the arrivals from Mobile, Florida and Texas, which are included in their respective statements), embrace 1690 bales, against 2295 for the corresponding period last week, showing a decrease of 386 bales. The exports embrace 5368 bales, 901 of which were to foreign ports, and 4456 coastwise.

BRASS.—At 21 to 22c. The market has been quiet since yesterday's 24 hds sugar and 10 bbls molasses. There is very little Louisiana sugar or molasses on hand, but the market is well supplied with the production of Cuba. The demand is very limited, however, and the sales to-day were confined to 15 bbls of Louisiana sugar, 20 to 21c, and 62 hds prime Cuba at 15 1/2c per lb. There were no sales of molasses. The last were at 55c per gallon for small lots of Cuba. Louisiana sugar is retelling at 13 to 14c for common to fair; 14 1/2 to 15c for fully fair; 15 1/2c for prime; 16c for yellow clarified, and 16 1/2 to 16 3/4c for white. Cuba sugar is retelling at 15 to 16 1/2c per lb for No 1; 14c for No 14, and 14 1/2 to 15c for No 5.

Memphis Market.

MEMPHIS, June 28.—COTTON.—The dullness noticed in the market since Monday was still more marked yesterday. In fact, there were no transactions sufficient to form a basis of the market. The only sales reported during the day were 18 bales 5th Extra selling at 28c, and 6 bales Bright Middling at 33 1/2c. Under these circumstances, quotations must be regarded as nominal. Holders are firm, and asking from one to two cents above the market price, while buyers are reluctant to make concessions. The Moravian's news has had no effect upon the market as yet. The New York opening dispatch reported the Cotton market dull and nominal at 27 to 28c; at 12 M. it was nominally unchanged. We give our quotations as follows:

Ordinary.	28	209
Good Ordinary.	29	1030

Strict Middling.	35	1036

Baltimore Market.

BALTIMORE, June 28.—COTTON.—Remains inactive. No sales. We quote Rio nominal at 16 to 17 1/2c for ordinary to prime; Java 20c; gold. Stock, 12,400 bags Rio in first hand.

GRAIN.—Wheat continues dull; receipts are small, but there is a good supply of Western spring offering, most of the samples have ng been on "Change for several days past. Prices of this description are fully 25c per bushel lower, but in the absence of transactions, it is difficult to name prices. A small lot of new white was offered and \$3 refused. Since the close of Chicago 100 bushels new, from Charles Co. nty, Maryland, received, but not offered. Corn was in light supply to-day, only 3200 bushels reported. We notice sales of 1400 bushels only to prime white at \$1.20 to \$1.23; 2000 bushels yellow at \$1.01 to \$1.02, nearly all the first named grade. Oats were in light receipt, 6000 bushels offered; market dull; small sales of Western at 60c, including bags; at the close 600 only offered. Bye—No sales.

MOLASSES.—No sales to-day. Prices range as follows: For Porto Rico, 50 to 75c; Cuba Muscovado, 50 to 60c; do Clayed 45 to 50c; English Island, 60 to 75c per gallon.

PROVISIONS.—Are firm; good demand for Bacon Shoul

Hides are held steady at 15 1/2c for Shoulders and 18 1/2c for Hides. Lard, 22 1/2 to 23c for Western bbls and tcs, and 22c for City; Baltimore refined 24c in kegs.

SALT.—The proposed increase of the tariff to 40c, gold, per sack, causes increased firmness on the part of consumers, and less disposition is shown to make sales, though prices, for the present, are without any quotable change.

SUGAR.—We report sales of 60 hds English Island at 11 1/2c, and cargo of sch. Oastor, from Porto Rico, on terms not transpired. We give the range of prices as follows: Cuba and English Island common to good red; 10 1/2 to 11c, four months; do grocery 11 1/2 to 12 1/2c; do prime 12 1/2 to 13c; Porto Rico common to good grocery 11 1/2 to 12 1/2c; do prime to choice 13 1/2 to 14c; Havana, No. 12, 12c, four months.

New York Market.

THE NEW YORK WORLD, of Friday, June 29, says: The money market is dull, and lenders find extreme difficulty in employing their surplus funds even at four per cent on call. The range of the market for call loans is four to five per cent.

GOVERNMENT BONDS are stronger, owing to the steady demand for investment, and from banks and money lenders to employ their surplus funds. The five twenties of 1891, 100 to 104 1/2; 104 1/2 to 105; 1865, 103 1/2 to 104 1/2; and seven-thirties, 103 1/2 to 104 1/2.

THE GOLD MARKET is dull; loans of gold were made at one-eighth to flat at the close. The opening price was 154, which was also the highest; the lowest was 151 1/2, and the closing 152 1/2.

THE FOREIGN EXCHANGE MARKET was firmer in the after part of the day; the quotations for bankers' bills are: Sterling sixty days, 108 1/2 to 109 1/2; three days' eight, 109 1/2 to 110; Paris sixty days, 5 1/2 to 5 1 1/2; three days, 5 1 1/2 to 5 1/2; Bremen sixty days, 79 to 80; Hamburg, 86 to 87; Frankfurt, 42 to 43; and Berlin and Cologne, 78 to 79. In cotton exchange there is little doing, and the higher rates are asked by prime drawers, whose bills are wanted.

NEW YORK, June 28.—The receipts of the principal kinds of Produce since our last have been 10,198 bbls Flour, 100 bbls Corn Meal, 9088 bushels Wheat, 60,694 bushels Corn, 600 bushels Rye, 50 bbls Whiskey.

Corn opened dull and heavy, and closed decidedly lower, under more liberal arrivals, a part of which only entered into the report of receipts, as posted on the bulletin of the Produce Exchange. Only seven or eight boats had reached the city in season to be included in the regular statement of the receipts. Quite a large number got to the rendezvous on the East River immediately before the after the close of regular "Change hours. These sales after the receipts since the casual repairs were completed. It practically remains to be seen what effect they will have on values. A considerable portion of the corn now, or close at hand, had been sold for future delivery, chiefly to shippers.
